WILDLIFE FOOD PLOT SERVICES

Three basics of wildlife habitat management: FOOD, COVER, AND WATER.

Central Forestry Consulting, LLC now offers services for installation and maintenance of wildlife food plots. This includes preparation of the site, planting of cover (conifers), planting of soft mast and browse species (apple, plums, etc), and planting of herbaceous vegetation (grasses, turnips, corn, soybeans, brassicas, etc).

Contact Fred @ Central Forestry Consulting, LLC today for more information.
